***Re: Webb Avenue Residential Development***

Dear Chairman Heaslip and Members of the Planning Board:

Our firm represents RPW Group of NY, LLC (“Applicant”), the owner and operator of the abutting Office complex at 800 Westchester Avenue, and the owner and Applicant for the development at the abutting subject property along Webb Avenue, in the Town/Village of Harrison (“Site”). The Applicant is proposing to develop 150 rental units within an approximately 150,000 sf, 5-story building on the Site, together with a subsurface garage and exterior parking, outdoor amenities, and other improvements (“Project”). The Site, which contains approximately 9.5 acres, is located within the SB-o “Special Business District.” Multi-family residential uses are permitted in this District by a Special Exception Use.

The Applicant is pleased to submit the following materials in support of the Project, and respectfully requests placement on the Planning Board’s January 22, 2019 meeting agenda for an initial presentation and discussion:

- Site Plan Application
- Site Plan Submission Checklist
- Special Exception Use Application
- Special Exception Use Submission Checklist
- Wetland Permit Application

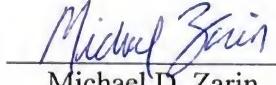

- Wetland Permit Submission Checklist
- Expanded Environmental Assessment

Please note that we are making this formal Site Plan Application, containing most of the requisite materials indicated on the referenced Checklists, in lieu of the pre-submission procedure under Village Code Section 235-71D. The Applicant's goal for the January 22<sup>nd</sup> meeting is to receive meaningful feedback from the Board based on these materials. We refer the Planning Board, in particular, to the Expanded Environmental Assessment ("EEA") and Site Plan, prepared by JMC Planning Engineering Landscape Architecture & Land Surveying, PLLC. The EEA covers most of the potential environmental impacts associated with the Project, including evaluating critical technical items such as land use and planning, traffic, school children generation, stormwater, and wetlands/floodplain. The Applicant's Development Team would refine and finalize these materials, as well as prepare any other required information, pursuant to the Board's comments.

Thank you for the Board's attention.

Respectfully submitted,

ZARIN & STEINMETZ
